

Name: Garry Jaffe

Class of works: I am writing in support of Class #3 (Unskippable DVD Advertising): Audiovisual works released on DVD that contain access control measures that interfere with the ability to control private performance, including the ability to skip promotional materials.

Summary:

Disc name: Harry Potter & the Sorcerer's Stone

I recently purchased the DVD entitled "Harry Potter and the Sorcerer's Stone." I put that DVD in, pushed play, and found-out that I am forced to watch various logos from the company and the copyright warning. I push the Fast Forward button, but I get a symbol in the upper right corner telling me that I am forced to watch the logos and the copyright warning. My time is valuable to me. Plus I do not believe that I should have to pay to watch ads.
